

28th April 2017

Dear Parents and Carers,

I am pleased to attach a letter from OFSTED.

This letter is published nationally on the OFSTED website on 3rd May, but I am able to share it with you early. We are delighted that OFSTED continue to judge us as a very good school and are so proud to receive our second GOOD inspection in a row.

Inspections always have to include development points and we are happy that OFSTED agreed with our judgments and recognised the things we were already working on and continue to do so.

We also want to thank the children for JUST BEING THEMSELVES during the inspection. They were amazing as always and that's what makes our job so very rewarding.

I would also like to thank the parents who sent messages in to staff during the inspection. I appreciate the time it takes you to do this, but can assure you that letting the staff know they are valued gives them such a lift.

Please read the report and enjoy knowing that at a time when children can't always get into a good school, your children are already at one. As the report says, "The Leaders have maintained the good quality of education and are ambitious to ensure all pupils develop a thirst for knowledge and a love of learning."

I have made some time available next week for any parents who would like to come and look at the report with me. Just contact the office to book in. 😊

Enjoy reading and feel proud of your child's school. We certainly are! Have a good bank holiday weekend. I will be at the Headteachers Conference in Shropshire campaigning for better funding for schools.

Best Wishes

Mrs Sainsbury  
Headteacher

Brookhill Leys Primary & Nursery School
