ACCESSIBILITY POLICY AND PLAN 2016 - 2019

Accessibility Policy and Plan: 2016-2019

Introduction

We believe that this Accessibility Plan is compliant with current legislation and requirements. Please read in conjunction with the school's Equalities Policy.

Definition

The definition of disability under the law is a wide one. A disabled person is someone who has, "a physical or mental impairment that has an adverse, substantial and long term effect on their ability to carry out normal day to day activities" The definition includes people with: Hearing or Visual Impairment, Cerebral Palsy, Muscular Dystrophy, Mental health issues, Incontinence, ADHD, Autistic Spectrum Disorder, Downs Syndrome, Medical conditions such as Cystic Fibrosis, severe Asthma, Diabetes, Cancer, Multiple Sclerosis, Epilepsy, Sickle Cell Anaemia and HI. Facial disfigurement, severe Dyslexia, gross obesity and diagnosed eating disorders are all included. <https://www.gov.uk/definition-of-disability-under-equality-act-2010>

What the Policy Does

The Accessibility Plan will contain relevant and timely actions to:

1. Increase access to the curriculum for pupils with a disability

Eg. Expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits - it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum.

2. Improve access to the physical environment of the school, adding specialist facilities as necessary

E.g. This covers improvements to the physical environment of the school and physical aids to access education.

3. Improve the delivery of written information to pupils, staff, parents and visitors with disabilities

Examples might include handouts, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable time frame. It is a

requirement that the school's accessibility plan is resourced, implemented and reviewed and revised as necessary.

Attached is a set of action plans showing how the school will address the priorities identified in the plan. We treat children as individuals, including those with disabilities. At our school we celebrate excellence, progress and achievement. We want each and every child to enjoy school, have high self-esteem, to respect and care for others and to know how to be healthy and safe and to achieve well. The school promotes an inclusive ethos; adapting provision to accommodate the needs of the individual child as far as is practicable within mainstream education.

Action plan

The action plan is attached as Appendix A. This document provides greater detail about what the school considers to be a priority in terms of the three 'themes' of the accessibility plan: - Access to the curriculum - Physical Environment - Delivery of Information.
